INTRODUCTION

I will be helping you in replacing the battery on your ZTE Majesty.

TOOLS:

- [iFixit Opening Tools](#) (1)
-

Step 1 — Battery

- Place your phone in the palm of your hand.
- You will notice the groove and that the back detaches from the phone.

Step 2

- Using either your finger or a small prying object, pry the back off to reveal the battery.
- Place the back to the side. You're going to need it again.

Step 3

- Now that the back is open, with your finger pry the battery out of the groove in the phone.

To reassemble your device, follow these instructions in reverse order.
